SALISBURY ACCEPTS AA DEGREE HOLDERS IN NEW PROGRAM

Salisbury State College announced this Semester the first Bachelor's Degree Programs in the country directed for Career/Technology Associate Degree holders.

Dr. Thomas L. Erskine, Academic Dean of Salisbury State College, says that the new program provides an opportunity for students to supplement the technical part of their education with Liberal Arts courses to earn a Bachelor's degree. It will require approximately two years of additional college work.

Any student with an Associate Arts degree in a career/technical program or an Associate Degree in Applied Science at an accredited technical school is eligible to pursue this program at Salisbury State.

Requirements for the Bachelor's Degree include: Completion of 120 semester hours, including all transfer and technical courses, with C or better; successful completion of 30 semester hours in "upper division" (300-400 level courses or their equivalent); and completion of the last 30 semester hours of credit at Salisbury State.

Dr. Erskine noted that the program is the reversal of the usual trend in higher education. "The concentration will be in the first two years, with the last two in Liberal Arts work," he said.

The Academic Dean continued: "This new program is consistent with Salisbury State College's policy of recognizing non-traditional, non-classroom types of knowledge - not necessarily gained on the campus.

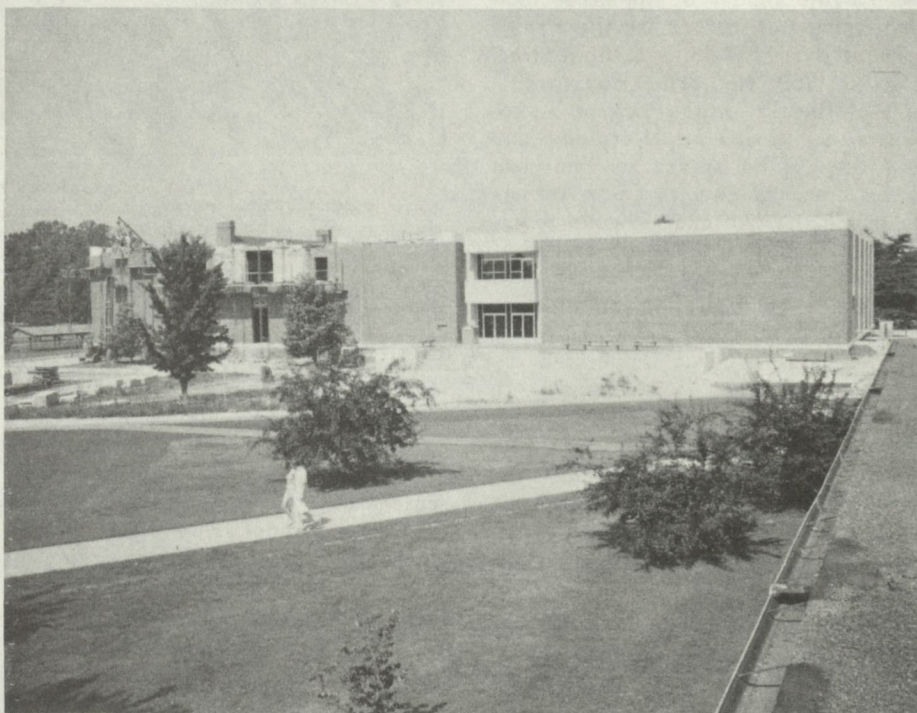

"The program also is designed to facilitate easier flow of students coming from community colleges to Salisbury State," Dr. Erskine added.

The Salisbury State Academic Dean said that four-year colleges must be cognizant of changing patterns in higher education today. "More students graduating with AA degrees are enrolling in four-year institutions," he said. "We must be in a better position to aid these students," he added.

SSC-DEL. TECH START CO-OP PROGRAM

Salisbury State College and Delaware Technical and Community College, Southern Campus, announced this Semester the establishment of a cooperative program leading to the Associate in Applied Science degree at Delaware Technical and Community College.

Under the cooperative arrangement, students in the Salisbury area may take courses concurrently at Salisbury State College and Delaware Technical and Community College. Among the technology programs available at Delaware Technical and Community College are Business Adminis-

RENOVATED LIBRARY - Blackwell Library begins to take shape on the site of old library, near Holloway Hall and Tawes Gym. Final completion plans are being set for September.

U.S. TARIFF COMMISSIONER IS SPEAKER AT SSC WOMEN'S CONFERENCE IN APRIL

Catherine May Bedell, United States Tariff Commissioner and former Congresswoman from Washington State, was the featured speaker at the Second Eastern Shore Women's Conference.

tration, Data Processing, Executive Secretarial, Architectural/Engineering Design, Civil Engineering, Electronics/Electrical, Criminal Justice, and Laboratory. Regardless of the technological field, students may take English courses and Social Science courses at Salisbury State College on a Tuesday and Thursday afternoon schedule and attend Delaware Tech approximately three days per week.

The cooperative arrangements will enable Maryland residents of the Eastern Shore to begin a technical education program at reduced costs and a savings in commuting time. In addition, Delaware Tech graduates will be able to transfer credits directly toward a baccalaureate degree program at Salisbury State College.

Dr. Norman C. Crawford, Jr., President of Salisbury State College, commented that this cooperative program will provide opportunities for technical education in the four lower Maryland counties, the only area in the state of Maryland not served by a community college. He added that this program reflects the College's recognition of alternative and innovative higher education experiences.

Paul K. Weatherly, President of Delaware Technical and Community College, stated that the cooperative effort will expand and extend the educational opportunities for the residents of Delaware.

The cooperative higher education program is unique in that it transcends state lines, avoids duplicating services, and draws on the strengths and expertise of both institutions.

ference held at Salisbury State College in Devilbiss Science Hall on Saturday, April 20.

A welcoming address by Dr. Norman C. Crawford, Jr., President of Salisbury State College, followed by an Opening Conference Speech by Mrs. Virginia B. Layfield, Associate Administrator of Peninsula General Hospital, in Holloway Auditorium at 10:00 A.M. opened the SESW Conference.

Dr. Winifred Helmes, Professor of History at Salisbury State College, coordinated and organized the Second Eastern Shore Women's Conference.

In Congress, Mrs. Bedell was a member of the House Committee on Agriculture, the District of Columbia Committee and the Joint Committee on Atomic Energy. She also served on the National Commission on Food Marketing and was appointed to the House Select Committee on Standards and Conduct.

In December of 1970 Mrs. Bedell was a Presidential Appointee to the Board of Incorporators of the National Railroad Passenger Corporation (AMTRAK).

GALA HOMECOMING SET FOR NOV. 9

At its April meeting, the Executive Board of the Alumni Association set the date for its 1974 Homecoming. The big weekend will be November 9 and preliminary indications are that a great schedule of events is in the making. This year the Special Classes to be honored are the following: 1934, 1939, 1944, 1949, 1954, 1959, 1964, and 1969.

If anyone in these classes would like to be a contact person for arranging special events, please let the Public Relations office at S.S.C. know of your interest in helping on this project

PETE CARLESIMO SPEAKS TO ATHLETES

Peter A. Carlesimo, Director of Athletics at Fordham University, was the featured speaker at the Annual Salisbury State Athletic Banquet held in the Student Union Dining Hall on May 5.

Mr. Carlesimo, an accomplished after-dinner speaker and original sports personality in his own right, recently enjoyed a very successful 20 minute appearance on the Johnny Carson Show.

ALUMNI OFFICERS ASK AID; FILL OUT QUESTIONNAIRE

The Executive Committee, in planning for a Spring Party, would like the Alumni to give it direction on a possible cocktail hour, dinner and dance. It was felt that such an event would be attractive. We would like to know if it would be worthwhile to have these events in Ocean City. Please fill out the special section dealing with this idea and send to the Public Relations office. We would like your help in this decision.

SSC AWARDS HONORARY DEGREES FOR FIRST TIME

Six Well-Known Eastern Shore Natives Honored at Civic Center

For the first time in its history, Salisbury State College awarded honorary degrees at its Commencement Exercises, held May 11 at the Wicomico Civic Center.

Dr. Norman C. Crawford, Jr., President, says that in addition to presentation of 376 undergraduate and 64 graduate degrees, the College awarded L.L.D. Honorary Degrees to Avery W. Hall, Insurance Executive; Ralph O. Dulany, retired Food Processing Operator; J. Millard Tawes, prominent former Governor of Maryland; and Charles H. Chipman, well-known Educator.

In addition, Salisbury State awarded Litt. D. degrees to Lemuel T. and Stephen W. Ward, world-famous Eastern Shore Decoy Sculptors from Crisfield, Md.

Dr. Crawford was the Commencement Speaker. He began his Salisbury State term of office with the present seniors, when they were entering freshmen. As a result of this close identification, the class requested Dr. Crawford to address their class at Commencement.

Born in Whalesville, Md., Mr. Hall was educated in the Worcester County Public Schools and is a graduate of Beacom Business College. He is founder and President of the Avery W. Hall Insurance Agency.

He has served as President of the Maryland Association of Insurance Agents, 1936-37, as President of the Red Star Motor Coaches, Inc., 1936-1953, and as President of Victor Lynn Lines, Inc., 1941-1959.

Mr. Hall was a member of the Board of Directors, County Trust Company of Maryland, 1944-1961, served as a member of the Salisbury Advisory Board, Maryland National Bank, 1961-72, and as a member of the Board of Directors and Executive Committee, John H. Dulany & Son, Inc. and Dulany Foods, Inc., 1946-1965.

Mr. Hall served as a member of the Maryland State Roads Commission, 1951-1953, and as a member and Secretary of the Board of Directors of the Peninsula Broadcasting Company, 1951-63. He has served as a Commissioner of the Maryland Port Authority, 1956-1971 and as its chairman for the period 1968-1971.

He also served as a member of the Board of Directors for Delmarva Power and Light Company, Board of Examiners of Maryland Pilots; and Board of Review, Maryland Department of Transportation.

Mr. Hall received the Chamber of Commerce Outstanding Citizen Award in 1957, the Salisbury Award in 1965, the Rotary 4-Way Test Award in 1965, and the Maryland Region National Conference of Christians and Jews Award, 1967. He has been a member of the Salisbury Lions Club since 1934, and the Salisbury Area Chamber of Commerce, five terms as President.

Mr. Hall has been very prominent in the history of the Peninsula General Hospital. He served as Chairman of the PGH Board of Trustees 1962-66 and has served as Chairman and Co-chairman of several large building fund campaigns for the Hospital. He served as Chairman of the Committee to build the School of Nursing at PGH and the building has been named the "Avery W. Hall Educational Center."

Mr. Hall has served on the Board of Visitors and Governors of Washington College from 1935 to the present and has received the Doctor of Humane Letters Honorary Degree from that institution. He is presently serving as a member of the Board of Visitors at Salisbury State College and served as President of the Board from 1969-1972. Mr. Hall also has

served as Chairman and member of the Board of Trustees at Asbury Methodist Church.

Mr. Dulany was born in Fruitland, Md., and was educated at the Wilmington Conference Academy, now known as Wesley College, and at Wesleyan University, Middletown, Connecticut, where he was elected to Phi Beta Kappa.

Upon his discharge from the United States Army in 1919, as a First Lieutenant, he devoted full time to the family business of food processing and served as the President of J. H. Dulany & Sons from 1946 to 1963. He is the Past President of the Tri-State Packers Association for Delaware, Maryland and New Jersey; he served as chairman of the Canning Industry Code Authority under the National Recovery Administration. He has served as President of both the National Canners Association and the National Association of Frozen Food Packers.

Mr. Dulany was appointed by Governor Herbert R. O'Connor in 1941 to the Board of County Commissioners of Wicomico County and has been re-elected to the Board every four years thereafter. He was awarded the Civic Award in 1952 by the Salisbury Chamber of Commerce, and was the recipient of the Salisbury Award in 1958. He was elected to the Board of Trustees of Wesley College in Dover, Delaware in 1965.

Mr. Dulany served as President of the Salisbury Rotary Club and his recent activities include: chairmanship of the Wicomico County Housing Authority; membership on the Delmarva Advisory Council and the State Economic Development Commission, and the State Welfare Board.

Governor Tawes was born in Crisfield, Md., and was educated in the public schools of Somerset County, at the Wilmington Conference Academy, now Wesley College, and at the Sadler's Bryant, and Stratton Business College. He then went into the family business of lumbering and canning, as well as shipbuilding, banking, and baking.

His active career in politics began in 1930 when he was elected Clerk of the Circuit Court for Somerset County, and after his second term, he was elected Comptroller of the Treasury in 1938. He was re-elected to this post in 1942 and 1946 and was then appointed State Bank Commissioner and held that position until 1950 when he again was appointed as Comptroller and served until 1958 when he won the gubernatorial election.

As Governor, Mr. Tawes' administration devoted itself to expanding and upgrading the educational system, providing educational TV, attention to Civil Rights, and reapportionment. He was re-elected Governor in 1963 and during this term he commissioned a study of the possible revision of the Constitution of 1867, launched another study to streamline State Government.

After his term of office as Governor he was elected as a representative to the 1967-68 Constitutional Convention and was named Honorary President. In 1968 Governor Agnew appointed him the Chairman of the Board of Natural Resources and under Governor Mandel was named Secretary of the newly created Department of Natural Resources.

Mr. Chipman was born in Cape May, N. J., on September 5, 1888, and received his formal education from Howard University, earning the B.S., B.A. and P. Ped. degrees and received the M.A. degree from the University of Pennsylvania.

He continued his education with additional study at Hampton Institute,

Dr. Crawford (center) congratulates recipients of Honorary Degrees at Commencement. From left are: Charles H. Chipman, Stephen and Lemuel Ward, J. Millard Tawes, Ralph O. Dulany and Avery W. Hall.

Penn State University, Cornell University, the University of Chicago, Tuskegee Institute, and Bowie State College.

Mr. Chipman provided 46 years of service to education in Wicomico County, 1915-1961, beginning his career as Principal of the Salisbury Industrial School in 1915, and served for many years as the Principal of Salisbury High School.

He held the office of President in the following organizations: Region V of the American Teachers Association (N.Y., N.J., Pa., Del., and Md.); Maryland Education Association; Frontiers Association of America; and the Wicomico Education Association. Mr. Chipman holds and has held memberships with the following: Keystone Masonic Order, Knight of Pythias; National Education Association; National Administration Association; Middle States Association of Colleges; Maryland State Teachers Association; the John Wesley Church (member Trustee Board, Financial and Educational Boards); Youth Commission of Wicomico County; Treasurer and Director, Big Brother Organization; Delmarva Boy Scout Council; the Inter-racial Commission of Wicomico County; and as State Director for the Eastern Shore Maryland Credit Union.

Mr. Chipman received the Salisbury Civic Award in 1961; a Citation from Pi Alpha Chapter of Omega Psi Phi Fraternity; a certificate for merit and outstanding service from the Delmarva Boy Scouts of America; and a certificate for faithful and outstanding services from the National Credit Union.

Stephen W. Ward, born in 1896, and Lemuel T. Ward, Jr., born in 1895, have made a tremendous contribution to the history and development of the Eastern Shore through origination, distinction and successful decoy production.

The name "Ward Brothers" is synonymous with decoys throughout the world and they help provide the Eastern Shore with distinctive heritage.

Both Lem and Steve were duck shooters and both made and painted their own decoys. Steve made his first crude decoy in 1907 at the age of 12, and Lem first made a decoy in 1918. Steve made his first "real" decoys in 1920, and around 1926, Lem and Steve formed "a sort of partnership" to make decoys in their spare time. Lem was the perfectionist and started making decoys in every position imaginable, thus it came about, that generally speaking, Steve did the carving and Lem did the painting of decoys.

Around 1930 they became serious about their business venture and began producing some fine looking pieces. Prior to 1930 their combined

output was about 500 decoys and between 1930 and 1959, they produced thousands of gunning stool.

The manufacture of Ward Brothers decoys has always been a handicraft. Consequently, there is no such thing as a production model, turned out on an assembly line and the outstanding characteristic of the Ward Brothers has been their unwillingness to settle for a stylized pattern.

From the very beginning the Wards did original work. In the late 1940's Lem turned more to ornamental work and won the grand prize for a gunning stool in the 11th Decoy Show held in New York City in 1948. This was a key event that inspired the interest from working decoys to a national and international interest in ornamental work. There are numerous touches of great artistic merit in Ward decoys.

Although the carved wooden decoy as it relates to hunting is largely a thing of the past, it is the newest and most sought-after item in the world of folk art. In fact, the quality and variety of expression found in Ward decoys make them doubly desirable to collectors looking for examples that illustrate "the art of the decoy." Thus Lem and Steve Ward are assured of a lasting place in history because of their work. Their masterful decoys will continue to tell people of the beauty to be found among simple crafts that exist in every-day walks of life.

Alumni Briefs

Thomas (Woody) Ward, 68', graduated from the FBI Academy in Quantico, Virginia, in September of 1972. He and his wife, the former Louise Borchering, '69, and 2 sons now reside in Cleveland, Ohio, where Woody is a special agent in the FBI's Cleveland office.

Born to Stephen E. Havenner, '69 and Gail A. Havenner, '70 their first child, a boy, named Byron Douglas, on October 27, 1973, at Holy Cross Hospital, Silver Spring, Md.

Marine Second Lieutenant Quentin R. Walsh, class of 1973, of Route 3, Denton, Md., recently went to Puerto Rico for training exercise "Agi le Jouser." He participated in amphibious landings and live firing exercises with Marine ground and aviation units. Walsh serves with the 2d Marine Division.

SSC, BRITISH TEAM TO CONDUCT 'OPEN EDUCATION' SESSION IN JULY

The Salisbury State College Education Department is working with Peter Haywood, a British Educational Specialist, to organize the Workshop in Open Education at Salisbury State College beginning July 22.

Dr. Maurice W. Bozman, Associate Chairman of the Department of Education, is coordinating the program with the team of British specialists.

Peter Haywood has had extensive experience teaching in the British Primary Schools. He has organized a similar workshop program in Malta with the British Council. The Workshop in Open Education will concentrate on the open and informal education process as currently practiced in British Primary Schools and the adoption of the Open Space Concept as practiced in the American school system. Mr. Haywood heads the team of British educational specialists directing the Workshop in Open Education.

The Workshop in Open Education will consist of two groups, Kindergarten - 3rd grade and 4th - 8th grade. An educational specialist will be available for every twenty students enrolled. The two groups will receive the open education lectures together, then break into individual groups for the practical application of the education principles to classroom situations. As the workshop progresses, the class boundary will gradually be eliminated, allowing the two groups to cooperate by the interchange of information and studying activities in the other group.

CHESS GRANDMASTER APPEARS ON CAMPUS

The Salisbury State Chess Club presented Lubosh Kavalek, the present co-holder of the United States Chess Championship, in a simultaneous chess exhibition in the College Center on March 4.

Kavalek is 30 years old and was born in Czechoslovakia, but now resides in the United States. Kavalek and his wife, Irina, live in the Washington, D. C. suburbs. He speaks seven languages and is a freelance chess journalist. He has articles appearing in Chess Life & Review and other chess publications.

Lubosh Kavalek is an experienced grandmaster. He is rated the third strongest player in the United States (by the United States Chess Federation) behind Bobby Fischer, the world champion and Robert Byrne of New York. He is rated among the top 30 players in the world by the FIDE (the World Chess Federation).

COLLEGE 'MESSIAH' SHOWN ON LOCAL TV

Salisbury State College's presentation of Handel's Messiah was shown in its entirety on Cable Television Channel 3 at 9:30 P.M., Tuesday, December 18.

The presentation was taped by the College's Office of Instructional Resources in cooperation with the Local Origination Department of Cable Channel 3.

Original presentation was December 2 at Bethesda United Methodist Church.

The 70-voice College Chorus was supplemented by fifty singers from the Community. The orchestra was made up of players from the Salisbury and Seaford, Delaware areas, and six string players from the University of Maryland Symphony Orchestra at College Park.

POETESS APPEARS AT SSC IN APRIL

The Salisbury State third annual writing award's presentation was held in Caruthers Auditorium on April 4. It began with a reading by May Sarton, novelist, essayist, short story writer and poetess.

Following Ms. Sarton, the English Department announced the names of the winners in its annual creative writing competition, presenting cash awards to outstanding student writers. The editors of Scarab also presented their 1974 awards. A reception honoring Ms. Sarton and the award recipients was held in the Social Room in Holloway Hall at the conclusion of the program.

DEVILBISS IS SCENE OF SPECIAL SEMINARS

The Salisbury State Science Department conducted a series of Science Seminars under the direction of the Maryland Academy of Science for exceptional eleventh grade high school students selected from the secondary schools of Wicomico, Dorchester and Somerset Counties.

The seminars were conducted in Devilbiss Science Hall, beginning January 26 at 9:00 A.M., by three SSC professors. They were: Dr. Edward Shaffer, Assistant Professor of Chemistry; Dr. Jack Kennedy, Assistant Professor of Physics; and Dr. E. Lee May, Assistant Professor of Mathematics.

ART EXHIBIT SHOWN

Salisbury State College sponsored an exhibition and sale of original graphic art by contemporary and old master artists, arranged by the Ferdinand Roten Galleries on April 4, 1974, in the Gold Room of the College Center.

Included in the exhibition were approximately 1,000 original etchings, lithographs and woodcuts by artists such as Picasso, Chagall, Miro, Dali, Goya, Renoir, Kollwitz and many others including contemporary American, European and Japanese print-makers.

BOWIE STATE DEAN AT CONVOCATION

Dr. Patricia Hauk, Dean of Student Affairs at Bowie State College, delivered the address at Salisbury State College's Honors Convocation in Holloway Hall Auditorium on April 3.

Approximately 50 special awards were presented to students at Salisbury State College who distinguished themselves in academic affairs during the current college year.

Heading the list were the coveted Mr. Salisbury State and Miss Salisbury State Awards, presented to Steven T. Garner of Oxon Hill, Md., and to Margaret E. Pasbach of Boonton, N. J.

Dr. Hauk's talk was entitled "Woman-Quovadis?". She was introduced by Dr. Norman C. Crawford, Jr., President of Salisbury State College.

Kathleen G. Hedrick of Salisbury gave the invocation. Musical selections were offered by the College Chorus. Dr. Jessie Fleming, Professor of Music and Chairman of the Music Department, was the conductor and Dr. Ray Zeigler was Pianist.

JC'S HONOR SSC STUDENT

Presentation of the First Annual J.C.'s Scholarship Award to Herbert Watkins, an Economics major at S.S.C., was made by Charles Easton, President of Salisbury J.C.'s, at Salisbury State College. Watkins is a graduate of Salisbury High School and he received a check for \$300. Left to right: Fenton Young, Vice-President of Salisbury J.C.'s; Charles Easton, President of the J.C.'s; Herbert Watkins, and Dr. Norman C. Crawford, Jr., President of Salisbury State College.

CONCERT BAND, JAZZ ENSEMBLE PRESENT SPRING CONCERT

The Salisbury State College Concert Band and Jazz Ensemble, both directed by Charles F. Smith, Jr., Assistant Professor of Music, presented an early Spring Concert in the auditorium of Holloway Hall on Tuesday, April 9.

The function of the Concert Band during the Spring Semester was radically changed from that of the marching-oriented aggregation of the Fall. Using the vast repertoires of original concert band literature, orchestral transcriptions, new and innovative styles as well as the latest in popular and show music, the members of this select group comprehensively study and rehearse twice weekly toward the ultimate in music creativity, the recreation of a music composer's work. Attired in their new formal tuxedos and full-length gowns, the 50-member organization provided a cross-section of musical tastes for the Salisbury listening audience.

DRIVE-IN CONFERENCE IN SCIENCE HELD

The National Science Teachers Association, The Salisbury State Education Department and the Maryland Association of Science Teachers jointly sponsored a Drive-In Conference for Science Teachers at Salisbury State College in Devilbiss Hall, March 30.

Students, teachers and the public were invited to attend the Conference.

Members of Salisbury Area Garden Club help College plant new shrubbery in dormitory areas. It represents sincere interest on the part of the community of Salisbury in the beauty of the campus.

Howard Shockley Makes Nat'l News In Winter, Spring

Salisbury State's Howard Shockley is the leading freshman rebounder in the nation according to final N.A.I.A. statistics released at the end of the basketball season.

Howard Shockley, Tom Torrillo and Ron Dixon set 15 new all-time records during the basketball season to help the Sea Gulls post a 13-14 season record.

Shockley, a freshman from Snow Hill, Md., finished the season in sixth place in rebounding in the nation with 454 rebounds, averaging 18.9 rebounds a game. He also finished 32nd in the nation in scoring with 598 points, averaging 24.9 points per game.

Shockley ended the season by distinguishing himself in the N.A.I.A. (District 19) Tournament. He was selected for the District 19 All-Star Team along with Rubin Collins of U.M.E.S., Jay Cousins of Eastern U., Frank Gantz of Millersville State, Elgreen Green of Lincoln U., Ned Kromer of Eisenhower College, Joe Pace of U.M.E.S., Harold Spooner of Houghton College and John Wiley of George Mason College.

Shockley, also was selected for the Baltimore Sun's All-State Team along with Rubin Collins of U.M.E.S., Talvin Skinner of U.M.E.S., Larry Witherspoon of Towson State, Joe Pace of U.M.E.S., Ron Smith of the U. of Baltimore, Marvin Webster of Morgan State, Bobby Freedman of Johns Hopkins, Gene Gwiazdowski of Loyola, Billy Newton of Morgan State and Bob Reese of Mount St. Mary's College.

Shockley, set 11 records during the season, seven individual season

records and four individual single game records. He established individual season records for: Most Points, 624; Best Scoring Average, 25.0; Best Field Goal Percent, .544; Most Rebounds, 482; Most Rebounds per Game, 19.3; Most Blocked Shots, 132; and Most Consecutive Field Goals Made, 13. He established individual single game records for: Most Points, 41; Most Field Goals, 18; Most Rebounds, 37; and Most Blocked Shots, 12. Shockley ended the season 12th on the List of Lifetime Top Scorers with 624 points and sixth on the List of Lifetime Top Rebounders with 482 rebounds after his first season for the Sea Gulls.

Tom Torrillo, a senior from Fruitland, Md., set three records during the season, two individual season records and one individual single game record. He established individual season records for: Most Assists, 233 and Most Assists per game, 9.0. He set a new individual single game record for Most Assists, 15, against Shepherd College. Tom Torrillo finished his college basketball career at Salisbury State sixth on the List of Lifetime Top Scorers with 900 points and ninth on the List of Lifetime Rebounders with 269 rebounds.

Ron Dixon, a junior from Berlin, Md., set an individual single game record for Steals, 9, against Shepherd College. He ended the season ninth on the List of Lifetime Top Scorers with 848 points and 13th on the List of Lifetime Rebounders with 207 rebounds.

S.S.C.'s Lacrosse Team - in its first varsity season - "promised to beat the University of Delaware," President Crawford's alma mater, in a recent game. Failing to do so by the narrowest of margins 9-5 - the lacrosse team made amends by presenting President Norman C. Crawford, Jr., with the ball from the St. Mary's game, the first victory in the SSC lacrosse season. Left to right: Co-captains Barry Bosley and Robbie White, and President Crawford.

Lacrosse Team Enjoys Great Success In First Full Varsity Year

In its first full varsity Lacrosse season, the Sea Gulls, under Coach Andy Jones, enjoyed a surprisingly successful campaign against very tough opposition.

Salisbury won five contests, while losing four. The Gulls' losses were to three of the best small college teams in the country.

As a result of the fine showing, Salisbury State was ranked among the top 15 teams in the country right up to the end of the season.

Commenting on the season, Coach

Andy Jones said, "I am highly pleased with the effort of our players, who showed that SSC can give a good account of itself in the future. We have come a long way, and have already matched many area lacrosse programs in existence for many years," he said.

The Sea Gulls topped St. Mary's, Georgetown, Western Maryland, Randolph-Macon and Loyola. Defeats were to Delaware, UMBC, Washington, and Baltimore U.

SSC's Polk Now Fifth Nationally

Jeff Polk, Salisbury State's sensational sprinter from Allen, and James M. Bennett High School, is now ranked fifth in the country in the 220-yd. dash.

The popular sophomore, who participates in as many as five events at Sea Gull track meets during the regular season, was impressive in late May at the NAIA Outdoor Track Finals at Arkadelphia, Arkansas.

Jeff won his qualifying heat with a time of 21.3. He took fourth place in 21.6, competing in the semi-finals.

Later, Jeff placed fifth in the eight-man finals, again with 21.6, to attain his high ranking. It also tops his sixth-place finish in the same championship last year.

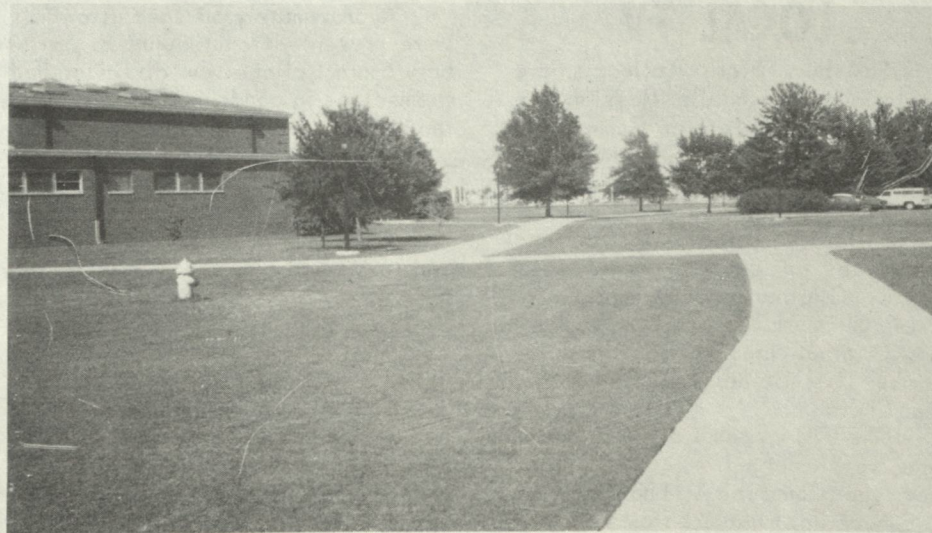

Four other Salisbury State athletes were also in Arkadelphia for

the championships. Vernon Johnson of Cambridge, ran in the Marathon and covered the course in 31st place in 3 hours and 31 minutes. At the 15 mile mark he was 18th, but he stepped on a stone and sustained a foot injury, causing him to fall back in the grueling contest.

Salisbury State's 440-yd. relay team (Randy Evans, Steve Pitt, Brian LaValley, Polk) was eliminated in the trials, as was the mile relay team (LaValley, Polk, Pitt, and Tim McSorely).

In the 120 high hurdles, Evans and Pitt advanced to the semi-finals, before being eliminated. Jeff Polk went to the semi-finals in the 100 yd. dash before being eliminated. However, he ran an 09.5 to equal his best time ever.

A Road Disappears - -

In the area shown above, a road used to wind past Caruthers Hall (off picture to right), past Tawes Gym (at left) and Holloway Hall to Camden Avenue. Autos can no longer travel through the campus. New parking areas at the outskirts of the campus are now utilized.

ATTEND HOMECOMING NOV. 9

Four Well-Known Professors Retire On SSC Campus

Four Professors retired from the campus scene at the close of the semester after long periods of service. They are: Dr. John B. May, Professor of Psychology; Dr. Arthur L. Vogelback, Professor of English; Frank D. White, Professor of Mathematics; and Pedro C. Harispe, Assistant Professor of Spanish.

Dr. May studied at Bridgewater College and received B.S., M.S. and Ph.D. degrees, all from University of Virginia.

He served as Chairman of the Department of Education, Pembroke Normal School, for two years, and began his long Salisbury State College association in 1939. He was appointed Chairman of the Department of Psychology in 1965.

Dr. May is a member of the Board of Directors of the Wicomico School for Mentally Retarded, and a member of the Wicomico County Association for Retarded Citizens, former member of the Advisory Commission on Mental Retardation, and past president of the Salisbury Lions Club. He is a consulting psychologist for the Wicomico County Mental Hygiene Clinic, and a vice-president of the Wicomico County Mental Hygiene Society.

He has served on the Advisory Commission on Mental Retardation and in October, 1972, he served as Chairman of a Forum on Special Learning Disabilities, held at Salisbury State College. He is author of several articles on children with special learning disabilities.

Dr. May's wife, the former Dr. Florence M. Simonds, was on the SSC faculty from 1935 to 1945 and started the Biology Department on campus in 1935.

Dr. Vogelback received his B.A. degree from Wesleyan University and a M.A. degree from Columbia University. His Ph.D. is from University of

Chicago.

Dr. Vogelback taught English at Mary Washington and Sweet Briar Colleges in Virginia and he became Dean and Acting-President of Ripon College in Wisconsin.

He was a Fullbright Professor in American Literature at Sao Paulo, Brazil, and a Smith-Mundt Professor of American Literature at the University of Aarhus in Denmark.

Dr. Vogelback began his Salisbury State career in 1967 and has been a full professor since that time.

A Phi Beta Kappa in college, Dr. Vogelback served for four years during World War II, as a Lt. (J.G.) Commander in South America and Africa.

Mr. White was awarded his B.A. degree from Randolph-Macon College and his M.Ed. degree from Duke University in 1939. He pursued graduate studies at University of Kentucky.

Mr. White's teaching experience included Virginia public and private schools from 1933 to 1941 and the University of Kentucky from 1945 to 1946. He was on the Marshall University faculty from 1946 to 1952.

A Phi Beta Kappa, Mr. White resides at 420 Dogwood Drive, Salisbury.

Mr. Harispe received his B.A. degree from the University of Buenos Aires, Argentina, and a B.S. degree at Johns Hopkins University. He was awarded M.A. degrees in both Spanish and French from Middleburg College in Vermont.

Mr. Harispe taught ten years in Normal Schools of the Argentina Republic, as well as four years in high schools of Baltimore County.

He has been on the Salisbury State College staff for ten years and has taught both French and Spanish.

He and his wife, Mary, live at 1008 Riverside Drive.
